ANALYSIS

After the rebels stormed Griffin's Wharf in Boston in 1773 to take part in what we now call the Boston Tea Party, coffee became the drink of patriots. Griffin's Wharf 1773 Coffee Liqueur takes its name from this historic place giving honor to the movement for liberty. This Coffee Liqueur is made with a blend of beans from Central and South America roasted at high temperatures in order to produce a full-bodied brew with smoky accents. **We love the balance and complexity** found in this tasty Coffee Liqueur with restrained sugar and bold coffee flavors.

VALUE GRADE

Sold in the middle \$20 range it sits on par with the quality, contemporary Liqueurs on offer while being **a cut above the crowd**. Grade - B+
