## REDWOOD EMPIRE EMERALD GIANT RYE WHISKEY

### Analysis

This is a bold Rye with style and balance as well. It's made with a mash-bill of 95% Rye and 5% malted barley — so there is no chance of mistaking this Whiskey with a Bourbon! It's aged for three to five years in charred American oak barrels in Redwood Empire's West Sonoma County rack house that promotes even and consistent maturation. Their Rye Whiskey is named for the Emerald Giant tree that stands over 360 feet tall in California's Redwood National Park.

Cool Grade = A | Value Grade = B

### Tasting Note

Deep copper color. The nose is filled with the classic scents of an American Rye as it offers complex spice notes with sweet, honey-soaked grains, and hints of brown baking spices and oak. The palate echoes the nose delivering a complex caramel and spice-driven core with accents of mandarin orange, caramel, allspice, and cinnamon. Full-bodied with great length and ideal balance and bright acidity. Made with 95% Rye with 5% malted barley.

### How to Enjoy

This lovely Rye needs nothing but a glass and perhaps a splash of water. We love this Rye in the classic Manhattan as the bold flavors shine.
